

# Dan Secrest: Imavex (2006-2010)

I worked at Imavex as a web designer and developer for over 4 years. I had the privilege to utilize and grow my skills alongside many talented people. This included various projects for golf courses, businesses, auto dealerships, and churches.

My role on the following samples were the lead designer and front-end developer. I worked directly with the client and a project manager throughout the entire project lifecycle. All website designs were developed with HTML, CSS, JavaScript, and implemented into Imavex's content management systems (iWorksite and ClubWorksite) that were written in PHP. The logo designs were created using Adobe Illustrator.

The screenshot shows the homepage of the Pearly White Smiles website. At the top, there is a navigation bar with links for Home, About Us, Services, Financing, Testimonials, and Contact Us. To the right of the navigation bar, there is a phone number: 317.849.3444. Below the navigation bar, there is a large banner featuring a woman smiling and the text "Gentle Care. Trusted Dentist.". To the right of the banner, there is a video player showing a dental office interior. On the left side of the page, there are four service sections: "Advanced Family and Cosmetic Dentistry" (with a sub-note "- Located in Fishers, Indiana"), "Invisalign" (with a small image of teeth), "Cosmetic Dentistry" (with a small image of a smiling woman), "Whitening" (with a small image of a smiling mouth), and "Smile Gallery" (with a small image of a smiling man). On the right side, there is a "FREE CONSULTATION" form with fields for First Name, Last Name, Email, Phone, and Questions / Comments, followed by a "SUBMIT" button. At the bottom of the page, there is a footer with links for Home, About Us, Services, Financing, Testimonials, and Contact Us, along with a copyright notice: "Copyright © 2008, Pearly White Smiles. Rights Reserved." and a credit to "IMAVEX web design".

**SHOW UPDATES**

- ▶ Fusce sed magna id arcu scelerisque.
- ▶ Phasellus a urna ac ipsum pharetra.
- ▶ Integer congue iaculis urna.
- ▶ Cras euismod ante ut sem.
- ▶ Nam fringilla orci vel arcu.

**FEATURED CAST MEMBER**

**FROM THE DIRECTOR**

**No homes, no food, no jobs, no money... no problem.**

Off The Streets is a compelling and inspirational weekly drama that follows a live theatre group, comprised of homeless cast members, as they travel the country performing and speaking to kids about drugs, alcohol and life on the streets.

~ A stunning golf course created by Nicklaus Design Group ~

### Nicklaus Designed Golf

This is the great game of golf, Southern style. While that means fewer groups nipping at your heels and clambering to play through, it doesn't mean that you'll easily shoot 5 under.

### Living

The front porch is back. And with it, a more genteel way of life. Here at 12 Oaks you can truly experience gracious living with a Southern accent. The environment we've created is absolutely ideal for it.

### Activites

While 12 Oaks offers a scenic Southern setting, it also offers a wide variety of outdoor and indoor activities. Here, life moves at a pace that provides for memorable times with family and friends.
